

If you are looking for a kind, caring and experienced dog sitter, who will love your pets as his own, look no further! Paul Swing is your guy!

Paul has been caring for our 3 fur babies since August of 2019. Lester (a 12-year-old Papillon Chihuahua mix) is an extremely finicky eater. Paul has discovered a way to outwit Lester, and successfully coax him into eating his meals, by getting down on his level. Gloria (a 15-year-old West Highland Terrier) was a puppy mill rescue who cowers when people try to pet her. Paul has won Gloria over with kindness and routinely enjoys snuggle times with her. Evelyn (a 15-year-old Pekingese) is our one-eyed feisty challenge. Once again, Paul has used his dog charming skills to win Evelyn's affection. He quickly discovered that FOOD is the way to her heart.

We've employed Paul to watch our dogs for stretches of up to two weeks while we travel, for long get-away weekends and even for overnight events. In each instance, we've felt confident and could relax knowing that our dogs were receiving the very best love and care and lots of extra cuddles.

Paul always stays in our home to maintain our dogs' routine. He brings his own food, snacks, bedding and personal items. During his stay, Paul sends pictures and updates on how our pets are thriving. He leaves nary a trace when he departs. The only evidence that you will have that Paul has been in your home is when your happy, healthy, and tail-wagging pets greet you as you walk through the door. Beware, however, that your pets may be a tad bit more spoiled upon your return!

Paul Swing is a very popular Dog Sitter. Lester, Gloria and Evelyn love him and so do we. Be sure to book Paul early, as his schedule fills up quickly.
